CCA has been a valuable advertising partner for AFTCO. Its membership is made up of serious saltwater anglers who also share a concern for the marine resource.

- BILL SHEDD CHAIRMAN AFTCO

As the largest marine resource organization of its kind in the country, CCA has a growing membership in 19 state chapters spanning all three coasts. Made up of recreational saltwater anglers, CCA is committed to ensuring the health and conservation of our marine resources and anglers' access to them. CCA members are proud to support the organization's national habitat program (The Building Conservation Trust), its best-practices initiative (ReleaSense) and its marine science scholarship program (Science of Conservation). CCA has proven time and again that anglers are the best stewards of the marine environment and with a growing, well-informed, active membership, CCA continues the conservation mission first launched by visionary anglers in 1977.
